

INVENTION 9: ECONOMIC SECTOR - MANUFACTURING/WASTE MANAGEMENT

STARCH-BASED BIODEGRADABLE PLASTIC PRODUCTION MACHINE

Azikiwe Peter Onwualu¹, Stephen Shaibu Ochigbo², Chidi Evans Egwim³, Michael Chukwuemeka Amony⁴, Abdulhakeem Bello⁵. 2025. Starch-based Biodegradable Plastic Production Machine. RP NG/PT/NC/O/2025/17179. Patent and Design Registry. Date of Patent: 29-04-2025. Commercial Law Department, Federal Ministry of Industry, Trade and Investment, Abuja. Date of Sealing 19/05/2025.

¹Materials Science and Engineering Department, African University of Science and Technology (AUST), Abuja, Nigeria.

²Department of Chemistry, Federal University of Technology, Minna, Nigeria

³Department of Biochemistry, Federal University of Technology Minna, Nigeria

⁴Mechanical Engineering Department, African University of Science and Technology (AUST), Abuja, Nigeria

⁵Theoretical and Applied Physics Department, African University of Science and Technology (AUST), Abuja, Nigeria

Institutions: African University of Science and Technology and Federal University of Technology, Minna.
